

Aged Care Placement Service

TSC Aged Care Placement Service (ACPS) provides care services for the elderly regarding placement of services that are relevant to their current care needs.

ACPS understands that it may be a challenging and overwhelming time when a loved one needs to be placed into care and are here to assist with smooth transitions between services.

ACPS have an extensive database to allow us to consider various options in order to find the most suitable care for our consumers. ACPS have numerous years' of professional experience related to:

- ❖ Residential Aged Care Placement
- ❖ In-Home Care Placement
- ❖ Respite Care Placement

Benefits

There are many benefits to having this program in place. Main benefits include:

- ❖ Reduce the stress that comes from having to find your own service provider
- ❖ Professional care advice on the most suitable care options for your needs
- ❖ Experienced case manager that will be with you every step of the placement
- ❖ Personalised consult and services
- ❖ Access to our large database of service providers
- ❖ A clearer understanding of the difference type of care options available

In-Home Care Placement

In-Home Care is to assist those that wish to continue living independently within their own homes but may require assistance to do so.

Home Care is available as Government-Funded or Private Home Care Services.

ACPS can assist to co-design a program to provide best care to allow you to live an independent and active life.

Respite Care Placement

Respite Care is short term care in either Residential Aged Care, Respite Centres or within your own home.

Respite Care is available to you when your main carer is not able to be there.

Residential Aged Care Placement

Residential Aged Care is regulated by the Australian Government for the frail elderly individuals whose care needs prevent them from residing independently at home.

There are 2 care levels in Aged Care – High and Low Care.

There are numerous Residential Aged Care Homes available and you may not know where to begin looking. Each place offers differing care, services activities and environment.

ACPS can assist with pointing you in the right direction with our 5-step personalised placement process

1. Initial meeting for you and your family to meet your case manager
2. ACAT Assessment
3. Access to our Service Referral List
4. Viewing and Selection of your preferred services
5. Transitioning to your new service and guidance through the whole procedure.

ACPS provides personal and professional care options to allow our consumers to make the most suitable choices for their future.
